**Current Sea Wall**

Should the current sea wall be increased in height?  
As far as the forum have been informed the current wall has not been overtopped.

**Wind Blown Sand**

Different proposals have come forward for various sections of the West Shore from a raised boardwalk south of the pumping station to reinstating dunes near the populated areas. More details on this are on the Biodiversity board.

**Pen Morfa (West Shore)**

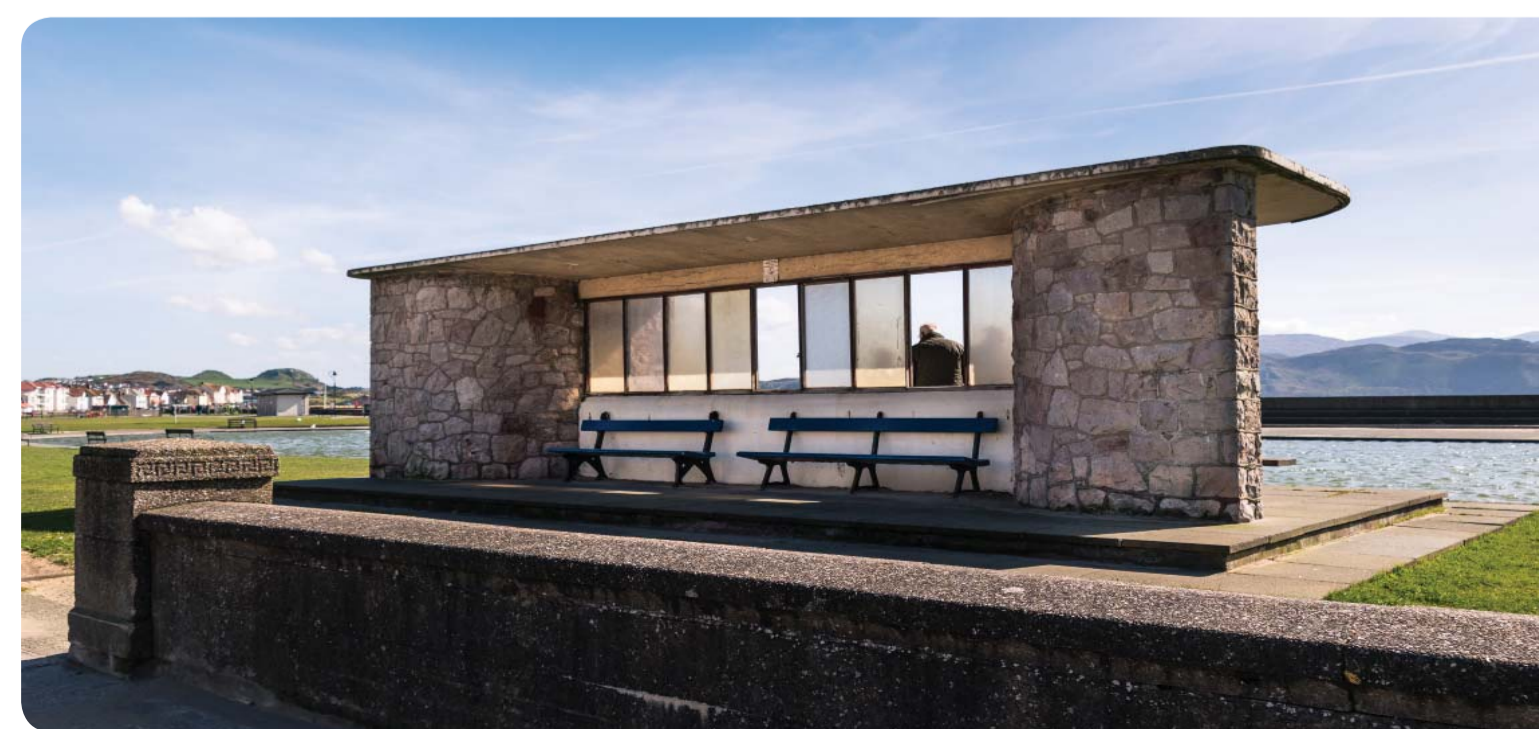

**SHOWERS**

Should external showers be provided at the north Welsh Water pumping station for Wind Surfers, Kayakers and other water sport users?

**SHELTER**

The shelter by the model boating pond is in need of repair or should it be replaced with another design?
